CSI Auto Manufacturing Sector Subcommittee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification of Open Public Advisory Meeting: Common Sense Initiative Council, Auto Manufacturing Sector Subcommittee.

SUMMARY: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Automobile Manufacturing Sector Subcommittee of the Common Sense Initiative Council (CSIC) will meet on the date and time described below. All times noted are Central Time. All meetings are open to the public. Seating at meetings will be on a first-come basis. For further information concerning the specific meeting, please contact the individuals listed with the Sector Subcommittee announcement below. The Environmental Protection Agency is currently operating under a continuing resolution that expires November 13, 1995. The status of agency funding past

this date may affect a change in the meeting schedule. Please contact the Designated Federal Officer listed below for further information after November 13, 1995.

Automobile Manufacturing Sector Subcommittee—November 16, 1995

The Common Sense Initiative Council, Automobile Manufacturing Sector Subcommittee (CSIC-AMS) is convening an open meeting on November 16, 1995. The meeting will begin at approximately 9:30 a.m. EST and run until about 3:30 p.m. The meeting will be held at the Lake Huron Conference Room, 12 floor, 77 West Jackson Boulevard, Ralph Metcalfe Federal Building, Chicago, Illinois.

The following action items will be covered at this meeting.

- The community technical assistance and alternative sector regulatory system groups will present their merged work plan to the Subcommittee.
- Each project team chair will present what deliverables their group can put together for the last meeting before the end of the calendar year.
- The community technical assistance work group should present a summary of the draft data they have collected.

Seating may be limited, therefore, advance registration is recommended. Agendas will be available November 9, 1995. Any person or organization interested in attending the meeting should contact Ms. Carol Kemker, Designated Federal Official, no later than November 13, 1995, at (404) 347-3555 extension 4222. Limited time will be provided for persons wishing to make oral comments at the meeting. In general, each individual or group making any oral presentations will be limited to a total of three minutes. For further meeting information contact Carol Kemker, DFO on (404) 347-3555 extension 4222, or Keith Mason, Alternate DFO, on (202) 260-1360.

Further Information and Inspection of CSIC Documents: Documents relating to the above Sector Subcommittee announcements will be publicly available at the meetings. Thereafter, these documents, together with official minutes for the meetings, will be available for public inspection in Room 2417 Mall of EPA Headquarters, Common Sense Initiative Program Staff, 401 M Street, SW., Washington, D.C. 20460, phone (202) 260-7417. CSIC information can be accessed electronically through contacting Katherine Brown at: brown.katherine@epamail.epa.gov.

Dated: October 30, 1995.
Keith Mason,
Designated Federal Officer.

BILLING CODE 6560-50-P

[FRL-5324-3]

**Vermont: Final Adequacy
Determination of State/Tribal Municipal
Solid Waste Permit Program**

AGENCY: Environmental Protection
Agency.

ACTION: Notice of final determination of
full program adequacy for the State of
Vermont's Municipal Solid Waste
Landfill Permitting Program.

SUMMARY: Section 4005(c)(1)(B) of the
Resource Conservation and Recovery
Act (RCRA), as amended by the
Hazardous and Solid Waste
Amendments (HSWA) of 1984, 42
U.S.C. 6945(c)(1)(B), requires states to
develop and implement permit
programs to ensure that municipal solid
waste landfills (MSWLFs), which may
receive hazardous household waste or
small quantity generator hazardous
waste will comply with the revised
Federal MSWLF Criteria (40 CFR part
258). RCRA section 4005(c)(1)(C), 42
U.S.C. 6945(c)(1)(C), requires the
Environmental Protection Agency (EPA)
to determine whether states have
adequate "permit" programs for
MSWLFs, but does not mandate
issuance of a rule for such
determinations. EPA has drafted and is
in the process of proposing a State/
Tribal Implementation Rule (STIR) that
will provide procedures by which EPA
will approve, or partially approve,
State/Tribal landfill permit programs.
The Agency intends to approve
adequate State/Tribal MSWLF permit
programs as applications are submitted.
Thus, these approvals are not dependent
on final promulgation of the STIR. Prior
to promulgation of the STIR, adequacy
determinations will be made based on
the statutory authorities and
requirements. In addition, States/Tribes
may use the draft STIR as an aid in
interpreting these requirements. The
Agency believes that early approvals
have an important benefit. Approved
State/Tribal permit programs provide
for interaction between the State/Tribe
and the owner/operator regarding site-
specific permit conditions. Only those
owners/operators located in State/Tribes
with approved permit programs can use
the site-specific flexibilities provided by
40 CFR part 258 to the extent the State/
Tribal permit program allows such
flexibility. EPA notes that regardless of

the approval status of a State/Tribe and
the permit status of any facility, the
federal landfill criteria shall apply to all
permitted and unpermitted MSWLF
facilities.

The State of Vermont applied for a
determination of adequacy under
section 4005(c)(1)(C) of RCRA, 42 U.S.C.
6945(c)(1)(C). EPA New England
reviewed Vermont's MSWLF permit
program adequacy application and
made a determination that all portions
of Vermont's MSWLF permit program
are adequate to assure compliance with
the revised Federal MSWLF Criteria.
The decision to tentatively approve the
State of Vermont's Municipal Solid
Waste Landfill Permitting Program was
published in the Federal Register on
July 26, 1995 for public comment (see
60 FR 38327). There were no comments
received within the public comment
period; therefore, EPA is today issuing
a final determination that the State's
program is adequate.

EFFECTIVE DATE: The determination of
adequacy for the State of Vermont shall
be effective on November 3, 1995.

FOR FURTHER INFORMATION CONTACT: EPA
New England, John F. Kennedy Federal
Building, Boston, MA 02203, Attn: Mr.
John F. Hackler, Chief, Solid Waste and
Geographic Information Section, mail
code HER-CAN 6, telephone (617) 573-
9670.

SUPPLEMENTARY INFORMATION:

A. Background

On October 9, 1991, EPA promulgated
revised criteria for MSWLFs (40 CFR
part 258). Subtitle D of RCRA, as
amended by the Hazardous and Solid
Waste Amendments of 1984 (HSWA),
requires states to develop permitting
programs to ensure that MSWLFs
comply with the Federal Criteria under
40 CFR part 258. Subtitle D also requires
in section 4005(c)(1)(C), 42 U.S.C.
6945(c)(1)(C) that EPA determine the
adequacy of state municipal solid waste
landfill permit programs to ensure that
facilities comply with the revised
Federal Criteria. To fulfill this
requirement, the Agency has drafted
and is in the process of proposing a
State/Tribal Implementation Rule
(STIR). The rule will specify the
requirements which State/Tribal
programs must satisfy to be determined
adequate.

EPA intends to approve State/Tribal
MSWLF permit programs prior to the
promulgation of the STIR. EPA
interprets the requirements for states or
tribes to develop "adequate" programs
for permits, or other forms of prior
approval and conditions (for example,
license to operate) to impose several

minimum requirements. First, each
State/Tribe must have enforceable
standards for new and existing MSWLFs
that are technically comparable to EPA's
revised MSWLF criteria. Second, the
State/Tribe must have the authority to
issue a permit or other notice of prior
approval and conditions to all new and
existing MSWLFs in its jurisdiction. The
State/Tribe also must provide for public
participation in permit issuance and
enforcement as required in section
7004(b) of RCRA, 42 U.S.C. 6974(b).
Finally, the State/Tribe must show that
it has sufficient compliance monitoring
and enforcement authorities to take
specific action against any owner or
operator that fails to comply with an
approved MSWLF program.

EPA Regions determine whether a
State/Tribe has submitted an
"adequate" program based on the
interpretation outlined above. EPA
plans to provide more specific criteria
for this evaluation when it proposes the
STIR. EPA expects States/Tribes to meet
all of these requirements for all
elements of a MSWLF program before it
gives full approval to a MSWLF
program.

B. State of Vermont

On August 23, 1993, EPA New
England received Vermont's final
MSWLF permit program application for
adequacy determination. On July 26,
1995, EPA published in the Federal
Register the tentative determination of
adequacy for all portions of Vermont's
program. Further background on the
tentative determination of adequacy
appears at 60 FR 38327 (July 26, 1995).

Along with the tentative
determination, EPA announced the
availability of the application for public
comment. In addition, a public hearing
was tentatively scheduled. However,
there were no requests for such and as
a result the hearing was not held.

C. Public Comment

EPA received no written comments on
the tentative determination of adequacy
for Vermont's MSWLF permit program
within the public comment period.
Minor typographical errors in the
Vermont application have been
corrected.

D. Decision

After evaluating Vermont's program,
EPA New England concludes that the
State of Vermont's MSWLF Permitting
Program meets all of the statutory and
regulatory requirements established by
RCRA. Accordingly, the State of
Vermont is granted a determination of
adequacy for all portions of its
municipal solid waste permit program.
